U.S. Can't Legally Force Integration, Says Faubus

Governor Asks 'No Surrender'

Arkansas Plans Laws Keeping Segregation

LITTLE ROCK, Ark. (AP)—Gov. Orval Faubus today told the Arkansas State Legislature that the federal government can never constitutionally enforce integration in public schools. He asked the power to close Arkansas schools against any such mandate.

In a speech urging the special session of the Legislature not to surrender on the issue, Faubus declared:

"There is no clear-cut federal statute regarding the integration of the schools. If there were, it would be unconstitutional, for the authority to control public education has never been delegated by the states to the federal government."

Arkansas' legislators gathered amid back-slapping for the historic special session. But the reunion air of the sweltering chamber was more solemn than light. Spectators jammed the galleries for the opening of the great states' rights debate.

In urging no surrender, Faubus said:

"This battle for states' rights and constitutional government is not of our choosing," he said. "The issue has been forced upon us and we must either defend our rights against those who would usurp them or else surrender."

Faubus asked for a bill that would empower him to close the state's public schools—specifically in the current case, Central High School—against forced integration. Faubus has said the measure is necessary to avoid a repetition of the rioting that occurred outside Central High a year ago when Negroes first were admitted to its classrooms.

The proposed bill provides for a school district election within 30 days of closing a school to decide whether to keep it closed or to integrate.

Faubus' address came 48 hours in advance of a special U.S. Supreme Court session. The high court is expected to decide whether to grant Central High a breathing spell in integration, or direct immediate reentry of negro students to its classrooms.

The School Board Monday night postponed the reopening of Central to its 2,000 students from Sept. 2 to Sept. 8 to allow a little easing of the time pressure on both the Legislature and the Supreme Court.

Faubus in his legislative message asked a further postponement to Sept. 15.

School Supt. Virgil Blossom announced that three more Negroes had applied for admission to white schools. Seven who attended Central High School last year.

Akron Police Nab Man in Terror Spree

AKRON, Ohio (AP)—Police exchanged shots with a gunman here Monday night, and before they captured him he broke into a trailer camp home and terrorized a group of women, one of whom died.

Held in city jail and still unable to provide any explanation for his actions was James L. Little, 31, Little, a typewriter repairman, has lived here in Massillon and has a record of arrests including armed robbery, police said.

The dead woman, Mrs. Elizabeth Morse, 60, apparently had a fatal heart attack while on the way to Akron General Hospital. Four other women at the trailer camp were treated for lacerations. They said Little broke into the room where they were having a club meeting, demanded money and began striking them.

Police began pursuing Little when he fired two pistol shots through a glass sun porch at the home of Carl Moyer. Moyer said he knew of no reason for Little's attack and told police he had only a slight acquaintance with the gunman.

Little fled from there followed by police who fired two shots into his car. The car was abandoned at a gas station. From there he ran to the trailer camp where police cornered him.

Charges against Little were delayed pending further investigation.

Red China Shells Still Raining on Little Quemoy Isle

TAIPEI, Formosa (AP)—The Chinese Communists bombarded Quemoy in furious bursts for the fourth straight day today, again increasing the volume of shells poured into the little Chinese Nationalist outpost island.

The bombardment which some officials feared was a prelude to invasion of the Nationalist offshore islands, began with about 80,000 shells over the weekend but subsided Monday to some 2,900 shots. Today the Reds stepped up the tempo again.

In three rounds of shelling from

High Court Sets Hearing For Dr. Sam

COLUMBUS, Ohio (AP)—Chief Justice Carl V. Weyand of the Ohio Supreme Court today scheduled a hearing for next Tuesday in the latest attempt of Dr. Samuel H. Sheppard, Cleveland wife-slayer, to obtain release from Ohio Penitentiary.

The 11 a.m. hearing in the chief justice's office, will be on an order for Warden Ralph W. Alvis to show cause why Sheppard should remain in custody.

Counsel for Sheppard filed a habeas corpus petition last Aug. 14 in a new attempt to release Sheppard, who is serving a life sentence for the second degree murder of his wife, Marilyn.

She was bludgeoned fatally in their Bay Village home west of Cleveland the morning of July 4, 1954. Sheppard, then 32, has maintained that an intruder killed his wife.

He entered the penitentiary here in mid-1956.

Attorneys asserted in their petition that authorities suppressed evidence favorable to the former osteopath and that scientific research after his conviction would establish his innocence.

Crew of Nautilus Hailed by Gotham

NEW YORK (AP)—Proud officers and crew of the atomic submarine Nautilus enjoyed a holiday on the town today with their families and friends.

At the Brooklyn Navy Yard, a fourth of the ship's complement of 12 officers and 97 men maintained a watch on the craft which crossed under the North Pole ice-cap to history.

The blue-black sub is berthed for dockside view by the public today and Wednesday. She cannot be boarded.

New York's three-day welcome will continue Wednesday with the honor the city traditionally extends to conquering heroes—a ticker tape parade.

183 Reds Surrender

KUALA LUMPUR, Malaya (AP)—Prime Minister Rahman announced today that a top Red leader and 182 Communist rebels in Johore have given themselves up in the biggest mass surrender since the government offered amnesty.

2 Kids Kid Saucer Seers

Rocket Mystery Is Solved

POCATELLO, Idaho (AP)—You can come out now, earth people. That rocket from outer space came from a teen-ager's basement.

The thing turned up on Ruel H. Barrus' lawn last weekend—still smoking. It was a rocket-shaped aluminum cylinder 10 inches long and 3 across. Its crumpled nose was buried deep in the dirt, and its burned out shell suggested the kind of heat a rocket might encounter on hitting the earth's atmosphere.

The find caused a stir in this east Idaho community, where flying saucer reports have turned

the nearby mainland beginning shortly after midnight, the Communists hit Quemoy and the nearby Tan Islands about 930 times, the Nationalist Defense Ministry said. Then in 2 hours and 40 minutes of early afternoon some 5,500 shells crashed down on the heavily fortified islands.

In Tokyo, men and planes of the U.S. 5th Air Force guarding Japan, Korea and Okinawa are in "an increased state of alert" during the current tense Formosa situation, an Air Force spokesman said today.

The spokesman emphasized, however, it is a routine type of alert.

Similar steps were taken here when the Middle East crisis broke out last month.

Rear Adm. Frederic S. Withington, commander of U.S. Navy forces, Japan said Monday the ships and men under his command also were on an increased, but still routine state of alert.

With the U. S. 7th Fleet already on the alert, a landing force of 1,600 men from the 3rd Marine Division was ordered to sail from Singapore. The destination of the four attack transports and four accompanying ships was not disclosed, but it was assumed they were moving closer to Formosa.

The 7th Fleet is pledged to protect Formosa but not necessarily Quemoy or the offshore islands. Officials in Washington said close watch was being kept on the set-up in the Communist attack.

Maj. Gen. Thomas F. Moorman, commander of the U. S. 13th Air Force based in the Philippines, visited Formosa for talks with top Nationalist and U. S. military assistance officers.

Nationalist authorities were paying increasing attention to the possibility that the Communists would try to seize Tungting Island, 17 miles south of Quemoy. The Defense Ministry said two Red attempts Sunday to land troops on the tiny, rocky island were repulsed by Nationalist warships. Officials suspected, however, that the Communists might not have given up.

Tungting is used by the Nationalists to keep tabs on ships trying to sneak out of Amoy, the Communist port opposite Quemoy, so Nationalist warships can be alerted to intercept them. Its capture would help the Reds evade Nationalist blockades. The island is believed fairly well fortified and garrisoned by the Nationalists.

Boy, 15, Stabs Dad During Fuss

FINDLAY, Ohio (AP)—Fifteen-year-old Richard Paxton was held in jail today after he stabbed his father in the back with a hunting knife Monday. Police said the boy was trying to save his mother from a beating.

The father, James R. Paxton, 39, is in poor condition in Blanchard Valley Hospital.

Paxton's former wife, divorced from him in January, told police he came to her home Monday after an absence dating back to Feb. 21. She said he had knocked her down and threatened to kill her when the boy grabbed the hunting knife.

Alaska Voting On Statehood

Approval Expected For 49th State

JUNEAU, Alaska (AP)—Alaskans decide today whether the northern territory is to be the 49th state.

The votes were being cast throughout the 586,400-square-mile territory in precincts with such names as Metlakatla and Chilkat, Pelican, Fox, Chicken and Eagle, Badger Road, Lincoln Park, North Pole and Turnagain by the Sea.

When all the votes are counted — and some of them won't be tabulated for a week — Alaskans are expected to have approved admission into the Union by a margin of at least 2-1.

Under terms of the admission act signed in July by President Eisenhower, such a vote will mean that a 49th star will be added to the nation's flag next year.

A presidential proclamation creating the newest and largest state — and the first to be admitted since New Mexico and Arizona entered the Union in 1912 — probably will be issued in late December or early January.

In anticipation of approval of the three statehood referendums, Alaskans also were voting today in a primary election to nominate candidates for the first state offices.

Republican and Democratic candidates for Alaska's first two seats in the U.S. Senate were assured nomination without opposition in the primary.

The two Democratic senatorial hopefuls who have no party contest in the primary are Alaska's long-time nonvoting delegate to Congress, E. L. (Bob) Bartlett of Juneau, and Earnest Gruening of Juneau, former Alaska governor who served 13 years as appointed territorial chief executive.

In a Nov. 25 general election, if statehood is approved, Gruening will oppose Republican Mike Stepovich of Fairbanks, the last appointed governor of Alaska. R.E. Robertson of Juneau, a lawyer, is unopposed for the GOP nomination to face Bartlett in November.

There are also Democratic primary contests for one congressional seat, for the governorship and for secretary of state. Republicans have only one candidate for each of the three posts, and they are assured nomination.

Hurricane Daisy Drifts Northwest

MIAMI, Fla. (AP)—Hurricane Daisy drifted slowly toward the northwest today, 220 miles off Melbourne, Fla. It appeared to follow a pattern that would bring none of its crushing winds to the U.S. mainland.

Reconnaissance aircraft reported today that Daisy was moving toward the northwest at about 5 m.p.h.

If Daisy is pushed into a more northeasterly direction, a spokesman for the Weather Bureau said, it would find itself chased out to sea by strong southwesterly winds blowing at all levels across the United States.

This, at present, is what the Weather Bureau thinks will happen.

Typhoon Kills 15

TOKYO (AP)—Typhoon Flossie blew out into the Pacific today leaving 15 dead, 30 missing and 39 injured in Japan.

'Commission' Set Up by Hoffa Is Under Fire

Board Appointed By Court Wants to Know What It's for

WASHINGTON (AP)—Court-appointed monitors keeping watch over the scandal-stained Teamsters Union demanded an explanation today of what its president, James R. Hoffa, is up to in creating his own commission to hunt down racketeers.

The board instructed Hoffa to furnish by Aug. 28 a detailed report concerning the reasons, the commission's powers and duties, its proposed procedures, and its proposed relationship to the board of monitors.

In a letter to Hoffa, Martin F. O'Donoghue, chairman of the board of monitors, said the board had learned of Hoffa's commission only through the public press.

"This commission is being created and appointments are being made without consultation with, or even notice to, the monitors," O'Donoghue wrote.

Release of the letter coincided with a denial from U.S. Dist. Judge F. Dickinson Letts, who created the monitor board, that he had encouraged Republican former Sen. George Bender of Ohio to take up the job as head of the Hoffa-appointed commission.

Bender had said he received such encouragement in consultation with the judge.

In advance of the release of the letter Godfrey P. Schmidt, another of the court-appointed group, described Hoffa's action in creating his own antiracketeering board as outrageous.

Schmidt said in New York Monday that "Hoffa can now say the monitors are no longer necessary because the union has got its own watchdogs. This is a typical piece of complicated Hoffa conspiracy."

In addition to Bender, the members of the Hoffa-appointed group are F. Joseph Donohue, Democratic former president of the District of Columbia Board of Commissioners, and Ira W. Jayne, a retired Detroit judge.

The court-appointed board is operating under a compromise settlement of a suit against the Teamsters Union by a group of dissident members who sought to head off Hoffa's assumption of the presidency. In the compromise Hoffa was allowed to take over with the board as a watchdog over his activities.

In his letter to Hoffa today, monitor Chairman O'Donoghue listed the following questions he wants Hoffa to answer in detail about his "antiracketeering commission":

Is it proposed that the activities of the commission be limited to alleged "gangster domination" of the union? If not, precisely what types of conduct will fall within the commission's purview?

Is it proposed that the commission be established for a set term or will it be terminable at the discretion of the union?

Is it proposed that the commission will conduct hearings? How, if at all, will the commission fit into the union's present system for the processing of individual complaints and appeals?

Is it proposed that the commission's recommendations be made public?

To what extent does the union propose to bind itself to abide by the recommendations of the commission?

How large a staff and budget is it proposed to supply to the commission?

The letter to Hoffa concluded: "You are also requested to furnish the monitors by Aug. 28, 1958, with copies of all correspondence and unlaunched memoranda with respect to the commission."

Noble County Loses Grandstand in Fire

CALDWELL, Ohio (AP)—The grandstand at the Noble County Fairgrounds was destroyed by fire early today on the eve of the 106th county fair.

The fair will open Wednesday despite the fire and temporary bleachers will be erected, fair officials said.

Loss was estimated at \$10,000.

Cause of the blaze was not determined, but police theorized it may have started from a cigarette left by someone sleeping in the stands.

Arsonist Given Blame

SEATTLE, Wash. (AP)—A pre-dawn fire killed two persons and injured three others in a small hotel here today. Fire Chief William Fitzgerald blamed an arsonist who has started at least 36 other blazes in two weeks.

Police said there were 22 persons in the Hollywood Hotel, at 1st and Stewart Sts. when the blaze broke out at 2:15 a.m.

'Hire Now' Campaign Still Percolating

FOUR MORE MEN were placed on jobs by the Fayette County office of the Ohio State Employment Service Monday in cooperation with the current "Hire Now" campaign. They were hired by Joseph W. Campbell of the Central Grocery Co., wholesale distributors. Front row, left to right, are Joe Henry, 205 Ohio Ave.; Paul Lightie, 527 Peddicord Ave.; and Campbell. Back row, left to right, are Ephraim Alltop Jr., 611 Blackstone Ave., and Charles Jackson, 711 Peabody Ave. Since Aug. 1, a total of 365 have been placed, OSES officials report. There have been 297 in non-agricultural work and 68 in agriculture. This is a 53 per cent increase over last August, when a total of 237 were placed.

Convicted Rapist Held Responsible

Gardner To Face Court on Sept. 9

A 27-year-old Washington C. H. man, convicted July 24 of raping his 10-year-old stepdaughter, is "legally responsible" in the opinion of psychiatrists at Lima State Hospital.

Joseph Earl Gardner, formerly of 425 Forest St., was returned to the Fayette County jail Monday afternoon by Deputy Sheriff Don Thompson after a 30-day observation period at the state hospital for the criminal insane.

Judge John P. Case had ordered the commitment as required by statute after a Common Pleas Court jury found the defendant guilty as charged. Gardner, who faces a life sentence, will appear for hearing at 9 a. m. Sept. 9.

SUBJECTED to psychiatric and psychological examinations at the Lima institution, Gardner was found "neither mentally ill, mentally defective nor a psychopathic offender." The report to the court added that "in our opinion he is legally responsible."

A total of 12 witnesses, including the 10-year-old victim of the criminal assault and the defendant himself, testified during the two-day trial which opened July 23.

Gardner's wife, the mother of the little girl, has since brought suit for divorce and now lives in Midletown.

Tax Increase Asked

CLEVELAND (AP)—Mayor Anthony J. Celebrezze has told City Council leaders he wants a nine-tenths of a mill tax increase to finance a 1959 city budget of \$51,543,674. The budget total is \$1,646,732 more than estimated total city expenditures for this year.

Teamster Veep Described As Cop-Hating Pal of Thugs

WASHINGTON (AP)—A St. Louis police detective today described Teamster Vice President Harold Gibbons as a cop-hating associate of underworld characters whose labor activities have been filled with violence.

"Practically every strike he has been involved in has had occasions of violence and destruction of property," Detective Capt. Thomas L. Moran told the Senate Rackets Investigating Committee.

Moran said Gibbons tells St. Louis Teamsters to regard police as strikebreakers on the side of management.

Moran testified that Gibbons "seems to have more than a talking acquaintance with some of the leading underworld figures."

He specifically mentioned John Vitale, reputed head of the Italian crime syndicate in St. Louis, and Joe Costello, who has been described as the leading fence or dealer in stolen property in St. Louis.

For New Equipment, Replacements

Hospital Will Ask For .3-Mill Levy

Trustees of Fayette County Memorial Hospital will ask the Fayette County Board of Commissioners to approve presentation of a .3 of a mill levy to the voters of the county for new equipment and replacement of some equipment, needed at the hospital now and during the next five-year period which they ask to have the levy cover.

This action was taken by resolution passed unanimously at a meeting of the trustees, Monday night. All members were present along with Miss Christine Evans, administrator, and County Prosecutor Rollo Marchant. Marchant attended to confer with the board on legal phases of their decision.

County commissioners probably will meet Wednesday to act on the hospital board's request. They have indicated, it was learned, that if the hospital's positive needs require such a levy, they will approve it for presentation to the voters at the November election.

Marchant told the trustees that a ruling of Ohio's attorney general holds that purchase of permanent equipment by a county hospital or costs of permanent improvement of buildings cannot be taken from operating revenue.

The trustees say that since the hospital has no other funds, or finances in trust sufficient in amount to meet requirements for replacing necessary equipment, the only recourse is to seek a voted levy.

MEMORIAL HOSPITAL here has been in service for almost nine years. Some of the equipment with which it started needs replacement now or soon, as its recommended life use runs from five to 10 years.

The .3 of a mill levy to be sought, means 30 cents tax on each \$1,000 of property on the

tax duplicate in the county. It will require a 60 per cent approval of the votes cast.

The trustee board's study indicates that replacements required now and in the near future will cost more than \$50,000.

Hospital trustees here say that the failure of voters to pass the operating levy sought for the hospital last year has created a "very tight" financial situation for the institution which is requiring the utmost economy in administration and in replacement of equipment.

ANOTHER MATTER receiving the attention of the board at Monday night's meeting was the completion of legal action in furnishing the \$68,000 bond required of trustees for the \$34,014.40 in money and property bequeathed to the hospital by the late Mrs. Sarah C. De Witt. Hospital board members are trustees of the fund. The money given was willed only for medical bills and hospital treatment of needy children.

Miss Evans made a report on the American Hospital Assn.'s annual

2 Satellite Firings Slated By U. S. Army

CAPE CANAVERAL, Fla. (AP)—The disappearance of Explorer V still was an apparent mystery today. The Army forged ahead with plans for two more satellite launchings.

The Army still had no official comment on the cause of the latest failure two days after a powerful Jupiter-C rocket roared skyward on what appeared to be a perfect launching.

One spokesman said it may take several more days before complete telemetry reports on the flight are analyzed and the answer found. The military usually withholds these announcements.

In the only activity Monday, a Snark intercontinental guided missile blasted into the night on the start of a 6,000-mile journey across the Atlantic. The trip toward target took about 10 hours. The results of the test were not announced.

The 69-foot Snark, was fired by crewmen of the 558th Guided Missile Squadron of the Strategic Air Command.

The 558th probably will be assigned as the first Snark operational unit which is expected to be set up soon at Presque Isle, Maine.

Explorer V was equipped to probe the far reaches of a severe radiation field now being investigated by Explorer IV as it whisks through space.

Scientists need more detailed information about the radiation belt so they can protect the first space travelers against the bombardment of the rays.

Scientists already have learned that the rays double in intensity every 60 miles, but the cause, extent and type of radiation still is not known.

The radiation belt starts about 600 miles in space. Where it ends is not known.

Route 62 Assn. Plans Outlined

Members Wanted To Show Interest

Plans for increasing the membership of the new Route 62 Assn. were outlined Monday night for newspaper men by Richard R. Willis, president, and John Aills, secretary, after Elmer Barrett, Chillicothe highway planning engineer, had given a condensed report of a study he and Aills made of the route from Ripley to Washington C. H.

Barrett's report, based on the study he and Aills made by car, showed that passing is possible on only 32 per cent of the highway between Ripley and Russellville. Barrett, a member of the association, said a study of this section of the route is now under way by the state Highway Department with a view to relocating at least part of the route to lessen the curves and sharp hills, including the mile long grade into Ripley on the Ohio River.

He also pointed out that the Highway Department has definite plans for relocating the highway north of Leesburg to lessen the curves.

While there is general agreement among the association directors that the objective is the overall improvement of the entire route from Niagara Falls, N. Y. to El Paso, Tex., the immediate concern is the section between Washington C. H. and Ripley as a "connecting link" with the projected freeway between Conneaut and Cincinnati.

AILLS POINTED OUT on a map that there is no major highway in southern Ohio north from the river between Route 23 at Portsmouth and Route 25 at Cincinnati. He said, too, that several top state officials have publicly stated that Route 62 is high on the list for development.

Aills also said interest in development of Route 62 is growing along the highway north of Columbus to the Pennsylvania border, as well as the short strip between Ripley and Aberdeen, on the Ohio end of the bridge across the river to Maysville, Ky.

Willis explained that membership in the association are needed for two reasons: (1) to bring in money for run-of-mine expenses and (2) to create interest in the development project.

The plan, he said, calls for individual memberships at \$1 each and sustaining memberships for a contribution. Sustaining memberships, which carry no voting rights, are primarily for industries and businesses which will benefit from a better marketing highway for their trucks.

Plans for enlisting the support of organizations in distributing the individual memberships are being worked out, Willis said.

The meeting at which these plans were outlined to newspapermen from the cities and towns along the route was held in the Rendezvous Restaurant here.

'Autumn' Weather Blankets Nearly All of Ohio Today

COLUMBUS, Ohio (AP)—The coolest weather in several months dominated Ohio this morning.

Temperatures at sunrise were in the low 40s in the northern part of the state with Youngstown dropping to 42, Cleveland and Columbus had 48 and Zanesville 45.

And in Millport, in southwest Columbiana county, the weather station there reported a low of 39.

Along the Ohio River it was warmer, Cincinnati reporting 52 and Chesapeake 56. Skies were fair but heavy fog was reported early in the morning at Bellaire.

Although some cloudiness is expected today and tonight, mostly fair weather is the outlook, the weatherman says. Cool temperatures will continue through Wednesday with afternoon highs mostly in the low 70s, he predicts.

Hospital Levy

(Continued from page one)
meeting in Chicago last week, citing some of the new types of equipment exhibited, along with meetings covering hospital administration methods.

THE REPORT of operations for the month of July was presented by Miss Evans and approved by the board.

The report showed 317 total admissions and in addition 54 infants born in the hospital during the month. There was a total of 2,118 days of service for patients.

The greatest number of patients any one day was 82, the lowest 56. There were 90 major surgical operations performed during the month and 60 minor. Laboratory examinations numbered 2,762; X-ray films taken numbered 798. There was a total of 701 outpatients given service.

The hospital laundry turned out 40,414 pounds of laundry and a total of 8,919 meals were served during the month.

When Martha Washington visited Gen. George Washington in the field during the Revolutionary War, her coach always arrived "completely filled with cooked food."

Deaths, Funerals

Mrs. Henry Barkus

Mrs. Lunda Bell Barkus, 83, died at 5:45 a. m. Tuesday at the Hurles Rest Home, 716 Clinton Ave. She was the widow of the late Henry Barkus who died in 1956.

Mrs. Barkus had lived in Fayette County since 1956 when she came here from Amanda.

The only survivors are a sister, Mrs. Dora Falter of Circleville and a nephew, Dallas Beach of Bloomingtonburg.

Services will be held at 10 a. m. Thursday in the Parrett Funeral Home. Burial will be in the Dutch Hollow Cemetery at Amanda.

Friends may call any time at the funeral home.

Integration Order

(Continued from page one)
under federal troop protection are expected to apply Wednesday.

One Negro girl, 14, sought admission to Hall High School, a swank new institution in a neighborhood of predominantly better quality residences occupied by whites.

The key measure prepared for the lawmakers by Gov. Orval Faubus would present him the power to close any school should the federal government seek to integrate it by court order or physical force.

The school would remain closed until voters balloted—within 30 days—on whether to integrate or keep its doors shut.

A third measure would permit a student of a closed school to carry his state aid allotment with him to another district.

The U. S. Supreme Court on Thursday will hold an emergency session to deal with Little Rock's riot-marked school racial problems.

Under current lower court rulings, the city's schools are under no orders to integrate when the fall term opens. The National Assn. for the Advancement of Colored People appealed to the high court to override the lower bench rulings which give the school board a breather.

The Supreme Court meeting Thursday—only the fifth such emergency session in 40 years—has widespread implication.

It is expected to provide the first specific ruling by this court on integration methods and timing since it ruled May 17, 1954, that racial segregation in public schools is unconstitutional. A year later it ordered desegregation to proceed "with all deliberate speed."

But never has the court pinpointed a time and method for desegregation of a school.

City school board attorneys today declared "... the school board ... will be unable to operate Central High School on an integrated basis under conditions as they now exist in Little Rock."

The attorneys' statement was in a brief to be filed with the Supreme Court answering one part of the NAACP's petition for immediate integration.

The response cited legal precedent and previous arguments and asserted that "in this situation, if the petitioners' (Negro students') application is denied, then, regardless of result upon final disposition of the case, their high school education will not be interrupted and in fact they will be spared the predictable mental torment and physical danger that would accompany attendance at Central High School in September."

The attorneys further said that "perhaps the matter of greatest importance will be the irreparable harm done to the education of 2,000 students at Central High School and more than 21,000 students throughout the Little Rock School District."

The response was to the NAACP's plea to vacate a 30-day stay of integration granted by the 8th U.S. Circuit Court of Appeals.

Shark in Gotham Poses Mystery

NEW YORK (AP)—It was raining hard in New York this morning. But this still was no excuse for a big fish to take to the city streets.

Nevertheless, there it was—a 300-pound blue-finned shark, measuring 9 feet 4, on the pavement at 150th St. and Park Ave. It had been slit down the belly, and its teeth and jaws removed.

Mystified Sanitation Department crewmen, summoned to the spot by complaints from the neighborhood, hauled the creature away.

Store Sales Manager Admits Embezzlement

CLEVELAND (AP)—Kenneth A. Paul, 46, sales manager for Three Bears Super Stores, Inc., surrendered to police Monday and admitted embezzling \$3,200 from the store July 7. Paul said he spent all but \$100 of the money, but "most of the money I spent I couldn't enjoy" because of what people would say "if they knew what I had done."

Top Enrollment Seen

CINCINNATI (AP)—City school officials expect an all-time high of 77,150 students when public schools open here Sept. 8. A spokesman said parochial schools expect 33,100 students.

Money Missing from Cash Box In Probate Court Investigated

Sheriff Orland Hays was pressing an investigation into the disappearance of "approximately \$300" from the cash drawer in the Probate Court office "some-time Monday evening, probably after the Courthouse was closed for the day."

The sheriff said a fingerprint expert had come from the Bureau of Criminal Investigation and Identification at the London Prison Farm Tuesday morning to help with the investigation.

He had no hesitancy in saying at noon that "he got some fingerprints and they were good ones." He would not say, however, whether anyone in particular is under suspicion.

Lees Creek Ditch Petition Dropped

**Benefits Not Equal
To Costs, Is Claim**

The petition for improvement of the Lees Creek Ditch in Concord and Green townships was dismissed at a final hearing held by the Fayette County Board of Commissioners in the Courthouse Monday afternoon.

The reason assigned for the action was that benefits were not equal to the estimated costs according to the manner in which the petition was drawn.

It was stated by one of the interested land owners, following the meeting, that a new petition covering the improvement probably will be filed before the end of this week.

The original petition was signed by Willard Story, Ruth Westerfield, Loren Sollars and Stella C. Belz.

According to the county engineer's estimates the cost of cleaning, clearing and excavation of the ditch, covering a distance of approximately five miles would have been \$8,949.88, with 18,000 cubic yards of excavation required. There would have been 49 land owners affected, 16 of whom were present or represented at the hearing.

Mercury Drops To Low of 48

You're right! It was cool again this morning!

According to Coyt Stookey, official weather observer in Washington C. H., the mercury reached a low of 48 in the city during the dawn hours, although readings as low as 44 were reported from the hinterlands.

There's little change in sight, forecasters say.

Fair weather with brisk nighttime temperatures are likely for the next 36 hours.

Monday's maximum temperature was 70 degrees under cloud-speckled skies.

Tavern Shooting Takes 2nd Life

MARIETTA, Ohio (AP)—George Robinson Jr., 24, died in Marietta Memorial Hospital today, second victim of a tavern shooting here Saturday night.

Robinson had been wounded at the same time Mrs. Frances Cowdery, 31, was shot fatally as she left the tavern with Robinson.

Lewis Niday, 29, has been charged with first degree murder in the shooting of Mrs. Cowdery, and will have a preliminary hearing in Common Pleas Court Wednesday.

Police said the shooting occurred after Niday and Mrs. Cowdery had quarreled about her keeping company with Robinson. Mrs. Cowdery was the mother of three children.

Niday was arrested in Parkersburg, W. Va., a few hours after the shooting and returned here after waiving extradition.

Aerodynamics Snag Panties

STARKVILLE, Miss. (AP)—A kite was used at Mississippi State University to dislodge a pair of panties from a flagpole.

Aerodynamicist J. J. Cornish III told of the stunt in a paper released by the school Monday. The feminine panties had been hoisted to the top of the drill field staff and the halyard cut so they couldn't be hauled down.

Cornish attached a fish hook to a kite string, the kite was maneuvered into the position, and the panties were hooked and retrieved.

Athens Youth Drowns

ATHENS (AP)—The swollen Hocking River is being searched today for the body of John Henry Smith, 17, of near Athens, who drowned Monday afternoon while wading.

Americans have a choice of some 200 different ice cream flavors.

General Motors To Be Headed by Pair of Experts

DETROIT (AP)—A finance expert and an authority on production and engineering have been named to direct the destinies of the world's biggest industrial corporation.

General Motors directors Monday elected Frederic G. Donner, 56, board chairman and chief executive officer, and John F. Gordon, 58, as president and chief operating officer.

Their election, effective Sept. 1, followed the retirement of Board Chairman Albert Bradley and President Harlow H. Curtice, both of whom have passed GM's normal retirement age of 65. In effect, Curtice's job as president and chief executive officer is being divided between Donner and Gordon.

Donner has been with General Motors since 1926; Gordon joined the corporation in 1923. Donner's work has been almost entirely in finance, Gordon's in engineering and production.

420 To Be Killed In Labor Day Traffic

CHICAGO (AP)—The National Safety Council estimates 420 persons may be killed in traffic accidents during the long Labor Day weekend.

That is 70 deaths more than might be expected to occur during a non-holiday period this time of the year.

The council says the toll could be cut if every driver would reduce normal speed by at least 10 m.p.h., concentrate on a safe rather than quick arrival and not drive after drinking.

Drug Issues Show Gain on Stock Mart

NEW YORK (AP)—Drugs made some gains in an uneven stock market early this afternoon. Trading was fairly active.

Gains and losses of key stocks went from fractions to about a point.

The tendency was slightly higher.

Drugs were spurred by some favorable Wall Street reports lately. Motors shaded off as the labor situation in Detroit continued uncertain. Steels, rails, nonferrous metals, chemicals and oils were mixed.

Some small gains appeared among electronics and aircrafts.

Merck rose more than a point, and Pfizer was a one-point gainer. General Motors eased in the wake of news of its top executive changes.

U.S. Steel was about unchanged. The steels paused following the good advance of Monday.

Radio Corp., and Douglas Aircraft added fractions.

Southern Pacific, Baltimore & Ohio and Santa Fe were small gainers in the rail group.

U.S. government bonds drifted lower.

Welfare Aid Slashed

BATAVIA, Ohio (AP)—Clermont County commissioners, scrapping the bottom of the barrel for relief funds, have decided to parcel out only 60 per cent of welfare aid money until next month when a \$10,000 payment is due from the state.

QUANTITY LIMITED ON MOST ITEMS! —FIRST COME—FIRST SERVE

Respect for Law an Important Lesson

Here in Fayette County, through the Washington C. H. police force, the county sheriff and his deputies, and through the help of the Highway Patrol officers operating in this territory, there has been a good record established in keeping down crimes and misdemeanors to a minimum — particularly with respect to violation of traffic laws.

Laxity in many localities in this and other states, however, has resulted in increase in various types of crime both in petty cases and in major violations.

Is some of this due to weak administration of justice in the courts? That question is being raised by many people including some judicial authorities.

England's much publicized Scotland Yard operates on the assumption that the number of those who break the law can be kept at a minimum if there is certainty of apprehension and swift administration of justice.

One phase of this attitude in Illinois came into the spotlight when Secretary of State Carpenter took office there. He moved on the assumption that the general rule on all crimes followed by Scotland Yard could be applied to advantage among law violating motorists.

He brought about that state's motor code revision in such a way that some of the bottlenecks of the old system could be removed.

What he wanted to see done was to make sure that there was a workable

plan for guaranteeing that apprehended traffic law violators would appear in court. He held the view that far too many of the arrested drivers, merely accepted a ticket from an officer and then forgot about it.

To avoid this, an arrested driver in that state is asked to surrender his license to the arresting officer in lieu of a bond. The plan is reported to work well. Car operators appear more readily in court because they want that license back.

The Illinois law, in some ways similar to the Ohio "12 Point Law," also includes a program for automatic suspension of license for a minimum of six months any time a driver is convicted of three offenses within a 12-month period. Proper provision is made for suspension to go into effect within three days of the third conviction.

Ohio's law has aided materially in a similar follow-up, since it has become effective in traffic matters.

If violations covering other crimes, could be worked out as well, the whole public would be better off.

The most important part of this program is that it should have a definite tendency toward promoting greater respect for law. Not only the motoring public needs this but all other types of habitual violators must somehow be made to realize that laws designed for public protection are something with a meaning and are not to be treated lightly.

Dick Powell- Just a Softie

By Hal Boyle

NEW YORK (AP) — "I don't believe in drifting," said Dick Powell, "and my only wish is that I'd been born smarter."

"Looking back on my career, it seems like I was always fighting to get out of one thing and into another. I was always restless, and I still am."

A man with a deceptively east-going air, Powell, now a kind of strolling Ft. Knox, has had a number of careers in his rise from saxophone player to top status as a movie and TV producer-director.

But even in his lean days Powell had a sturdy independence.

He recalled that 30 years ago, as a young unknown theater emcee, he turned down a chance to play opposite a promising actress. The actress was Janet Gaynor. The picture was "Seventh Heaven," and it made a star of Charles

Farrell, who took the role Powell rejected.

"But I still think I was right," said Dick. I wasn't quite ready right to play tough guy roles after years, the memory of which still depresses him.

The slender tenor from Mountain View, Ark., is busier than ever. He will help supervise the filming of 150 television shows and he still has four full-length pictures to produce and direct under a contract with 20th Century-Fox.

What has been his biggest problem in adapting to his new career as a producer? Powell grinned wryly at his wife, actress June Allyson.

"It's trying to sell an actor on the idea that a proposed role is just right for him. I don't know why that's so difficult for me. After all, I was sold the same way

dozens and dozens of times when I was an actor," he replied.

"I'm not exactly the promoting type of producer. I hate to put pressure on people, but sometimes you have to."

"But there's no greater satisfaction than taking a story and turning it into a completed picture. It's far more satisfying than just acting."

"People think Richard's a lot tougher and more practical than he really is," said June, who knows shorthand and says she acts as his secretary when they're traveling. "Underneath, he's a softie."

They relax with their children on a 50-acre ranch that lies within the city limits of Los Angeles. Dick still likes to play his saxophone, but most of his singing now is confined to bathroom arias.

Prejudice and History

By George Sokolsky

In this country where public officials are supposed to be chosen by an "informed electorate," the real danger is the astonishing ignorance of prejudiced minds, each owner of which has one vote.

I have a letter from a reader in Pawtucket, R. I., who apparently is prejudiced against the British, the Masons, and "the Right Honorable Lord Prime Minister, Mr. Winston Churchill."

Rejecting the idea of the collapse of the British Empire, he says: "...They are playing possum. They are doing what they are doing for a reason. The reason is to get the United States of America, my country, involved in this mid-century persecution of peoples who have increased and multiplied, thereby becoming a threat to the British way of thinking and land-lording the world..."

This may appear to be an absurdity but such absurdities are not unusual. There is a man in Syracuse, who lives in the United States and who hates it. He will not go to a spot on earth that he loves because he makes a better living here. Similarly, there are the Francophiles and the Francophobes, the pro-Chinese and the anti-Chinese, the pro-Japanese and the anti-Japanese.

These prejudices are often based on nothing. They are not even a product of jealousy which alone can explain the Navy brass' hatred for Adm. Hyman Rickover. Is he everlastingly to be persecuted by those whom the Lord did not grace with intelligence? Or is he to resign from the navy as Gen. James Gavin did from the Army so that he might use his intelligence unfettered?

History has no use for this sort of lack of intelligence. The race goes to the smart and the swift. We are in a war of brains.

Admirals are wearing dungarees and generals do not sit on horseback. A woman chemist or physicist can be as valuable to the armed services of a country as the best marched West Pointer.

It is a changed world and what has made the change are two tremendous forces, neither of which has anything to do with the year

1958, except that we witness the consequences as they unfold.

The strongest of these forces is nationalism which is very different from patriotism. Nationalism asserts itself as a quality of superiority. For instance, there are 12 Arab nations, but Arabic nationalism is unrelated to any one of them. It relates itself rather to a civilization to which these states are in differing manners joined.

Surely, the Arab of the Saudi Arabian desert is different from the Arab of the salons of Cairo or on the beach of Lebanon. As one goes far back into their histories, none of these people have common ancestors, nor even identical cultural developments.

Nevertheless, they find themselves bound by religion as no European states are bound to each other by religion. Ireland and Spain,

Italy and Poland are not associated with each other because they are Catholic countries, nor is there an association between Great Britain and Russia because of affinities of their forms of Christianity.

Arabic nationalism is deeply moved by its linguistic relationships. But that is not true in the West where languages with common ancestry such as Italian, French, Portuguese and Romanian do not produce political affinities.

Nationalism in weak and backward countries is often a revolt against what is erroneously called colonialism. It is not colonialism that has been so objectionable, as it used to be the mere presence of the "white man," with his different ways, his clubs, his country clubs, his deference to women and his exclusiveness.

And when, as a matter of policy,

Diet and Health

Child's Voice Tone May Reflect Yours

By HERMAN N. BUNDESEN, M. D.

DOES your youngster have an embarrassingly high-pitched voice? Or maybe it is too low to be appropriate for his age. Or perhaps his voice is too loud or too soft.

Any child with one of these voice disorders may have a real problem, at least until he reaches adulthood. And it's up to you, his parents, to help him, since you may very well be the cause of his embarrassing situation.

He's Ridicled

While these voice disorders seldom affect the intelligibility of the child, they are distinctly noticeable and unattractive. Other youngsters are apt to poke fun at a youngster with a high squeaky voice or with a booming basso.

The trouble may be either organic or functional, or both. The voice, you see, is greatly influenced by other voices. Or, to put it more plainly, your youngster's voice might be an imitation of the voice of someone else.

They Imitate

Naturally, children most often imitate the voice of one of their parents. Thus, even without knowing it, you may be influencing your child's voice characteristics right now.

Often the voice reflects the child's own personality characteristics. If a child is insecure, his voice might be weak. If he is the nervous and tense type, he might speak in a nasal tone.

In addition, there are count-

less organic factors which can affect the voice.

Resonance Defects

Resonance can be affected by the condition of the mucous surfaces of nasal, oral or pharyngeal cavities. Defects of resonance include nasality or excessive nasal resonance (it sounds as though the person were talking through his nose) and denasality, or insufficient nasal resonance (it sounds as though the speaker has a stopped-up nose).

Frequently pitch or loudness defects also are associated with resonance difficulties.

Variety of Causes

The vocal pitch, loudness and quality of the voice can be affected by a great variety of pathological conditions. And, of course, hearing loss may affect the voice in many different ways.

No matter what the voice disorder is, I strongly urge that you arrange for a complete physical examination for your child. This should include a specialized laryngeal examination and audiometric testing.

Then have a speech pathologist evaluate your youngster's vocal habits.

QUESTION AND ANSWER

S. S.: How high can the temperature go without it being dangerous to a person?

Answer: Temperatures have been reported as high as 113 degrees with the patient surviving. However, temperature past 107 degrees is extremely dangerous.

"Could we see something daintier?"

\$38½ Million OK'd For Nation's CD

WASHINGTON (AP)—Congress appropriated 38½ million dollars for operation of the Federal Civil

Defense Administration during the year ending next June 30.

No money was allowed this year for federal contributions to the states.

No funds were allowed for bomb shelter construction.

after World War I, the "white man," meaning generally a Britisher, tried to truckle under in the hope of winning approval, it looked wrong and was not believed.

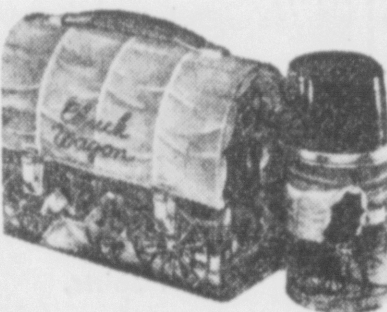

The other force, of course, is the new weapons which make a scientist or a mechanic more valuable than a general of infantry. The new weapons have changed geography and have made the North Pole a field of battle, whereas in the past one thought of Flanders Fields as battlefields. The nearest enemy to the United States is Soviet Russia just on the other side of the North Pole.

For Soviet Russia and Red China and the Arabs, the radio is as great a weapon as the cannon in the building of empire.

New Vet at Zoo Met His Future Wife at Puma Cage

TOLEDO, Ohio (AP) — Appropriately, the new veterinarian at Toledo Zoo met his wife through a puma.

The meeting was recalled today by Dr. Hans O. Ewert, named to the post to replace Dr. Carl J. Johnson who resigned recently.

A native of Dresden, Germany, Dr. Ewert was working part-time in the Berlin Zoo while at-

tending the University of Berlin. His wife-to-be, Regine, now 33, was working for the Museum of Natural Sciences in Berlin as a taxidermist.

They met in front of a puma cage and Dr. Ewert struck up a conversation about the beast's natural habitat. Six months later they were married.

In this country two years, Dr.

Ewert was at Ohio State University the past year on a research project.

Yemen, a tiny nation on the southwest border of Saudi Arabia, has skyscrapers although the buildings are only a few stories high. But, each building is atop mountain ridges about two miles high.

U. S. Industry Steps Up Its Atom Interest

More Commercial Nuclear Power Plants Slated for Erection

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—With American nuclear submarines making headlines on both sides of the Atlantic today, industry is stepping up its interest in the atom on the front.

Some commercial nuclear power plants already are in operation and others are being built. And nuclear research reactors are operating at various points from one side of the nation to the other. Still more are being installed.

An operating nuclear research reactor built by Atomics International, a division of North American Aviation, is being set up in Geneva for the second International Conference on Peaceful Uses of Atomic Energy, opening next week.

Six 10-watt nuclear research reactors are being built by that company at Canoga Park, Calif., for use by educational institutions and industrial research laboratories. Curtiss-Wright has a general purpose nuclear installation at its research development center at Quehanna, Pa., offering laboratory and radiation services for industry.

It is building a reactor at Watertown, Mass., for the U.S. Army to test an atomic food irradiator. The aim is to process foods so that they may be kept fresh under field conditions for the military forces.

North American built a research reactor for Armour Research Foundation of Chicago. And American Machine and Foundry supplied one for Battelle Memorial Institute of Columbus, Ohio.

General Electric is negotiating with Washington State College at Pullman, Wash., for a research reactor.

In the field of atomic power plants, Westinghouse Electric will complete one in 1960 at Rowe, Mass., for the Yankee Atomic Electric Co., using experience gained in the plant in operation at Shippingport, Pa. It has under way a study with the Carolinas Virginia Nuclear Power Associates to find the type of reactor best suited to the group's needs.

North American Aviation will complete in 1961 nuclear power plants at Piqua, Ohio, and Hallam, Neb. And it has a research and development program under way on an advanced epithermal thorium reactor for the Southwest Atomic Energy Associates, representing 15 electric utility companies in Arkansas, Kansas, Louisiana, Mississippi, Missouri, Oklahoma and Texas.

General Electric expects to have a 180,000-kilowatt nuclear power plant ready in two years for Commonwealth Edison near Chicago. It will build a nuclear steam supply system at Eureka, Calif., for Pacific Gas & Electric. The utility will also use power generated at GE's Vallejos nuclear laboratory in California, which will be completed this fall.

Expense has been the chief deterrent to rapid growth of the civilian use of the atom. Conventional power utilities see the day far off when nuclear power will be competitive. But stars are multiplying.

CD Meeting For Survival Here Sept. 25

First steps toward reorganization of the Fayette County Civil Defense Corps for mutual aid and survival in case of disaster will be taken at a public meeting to be held here Sept. 25, C. V. Sexton, Civil Defense director for the county, announced Tuesday. The place where the meeting will be held has not yet been selected, but Sexton explained that "we want a room big enough to accommodate everyone. . . and we're hoping for a good turnout."

Preliminary groundwork for this meeting was laid at a meeting in the Common Pleas Courtroom Aug. 7. Sexton said "we hope the coming meeting Sept. 25 will be too big for that room."

Civil Defense demonstration team will come here for the meeting to explain what is referred to as the "survival project."

One of the purposes of this planning meeting, Sexton said, is to work out plans for the Fayette County Corps to cooperate with other CL corps in this 22-county southwestern Ohio area. Area headquarters is at Blue Ash, just east of Cincinnati.

THE DEMONSTRATION team from CD headquarters will bring charts and maps for explaining the survival project more graphically, Sexton said.

The Fayette County director also pointed out that the county has been designated as dispersal area for the eastern section of Cincinnati in case of emergency arising from an enemy air attack. This means, he said, that 50,000 to 60,000 persons could be evacuated from the big industrial city to Fayette County, where they would have to be housed and fed.

While Sept. 25 meeting is open to the public, special invitations will be sent to the county commissioners, township trustees, city and village officials and members of their councils, Civil Defense personnel,

New Camera Club Organized in City

Eighteen camera enthusiasts met Monday evening at Pensyl's Camera Shop to form the new Court House Camera Club.

Hubert Ferneau, acting chairman, read the suggested by-laws and led a discussion of them. The by-laws were prepared by a committee composed of Ferneau, Wesley Cox, Miss Helen Slavens, Norman Trout, A. S. Gossard and Charles Pensyl.

Officers elected for a term of one year are Ferneau, president; Wesley Cox, vice president; A. S. Gossard, secretary; Sam Wilson, treasurer.

By-laws were accepted as amended.

The next meeting will be at the same place on September 23.

Plans were made for the executive board to contact the Central Ohio Camera Club Council, and the president will contact an eminent photographer with the aim of having an advanced camera class for members of the club.

Mrs. Rothwell Honored Guest At Stork Shower

Mrs. William Dawes entertained recently with a stork shower for Mrs. Dale E. Rothwell, of Bowersville, the former Miss Sally Ann Deering of Washington C. H.

The gaily wrapped gifts were arranged in a pink and white baby basket over which hovered a stork with a tiny doll suspended from his beak in the accepted fashion.

In addition to gifts brought by the guests, prize winners in contests which were held presented their awards to the honored guest. Mrs. Frank Williams, Mrs. Clark Rothwell and Mrs. Loring G. Williams received the prizes.

A pink and white color scheme was used throughout the home and especially in the dessert course which was served by the hostess assisted by Mrs. Harry Binegar.

The guest list included Miss Wilma Williams, Miss Patricia Emrick, Miss Virginia Shoop, Miss Janet Emrick, Miss Cathy Croker, Miss Patricia Knedler, Miss Mary Agnes Helfrich, Miss Wanda Huff, Miss Sharon Grubb, Miss Jo Rhoads, Mrs. Frank Williams, Mrs. Amelia Butcher, Mrs. David Smith, Mrs. Warren B. Williams, Sr., Mrs. Charles Howard;

Mrs. Kenneth Leath, Mrs. Loring G. Williams, Mrs. Binegar, Mrs. Sheldon Grubb, Mrs. Robert E. Williams, Mrs. Clinton Long, Jr., Mrs. Fletcher Brown, Mrs. Robert Cyrus and Mrs. Howard Deering, all of Washington C. H.; Mrs. Warren B. Williams, Jr., Jeffersonville, Mrs. Marion Baughn, Fairborn, Miss Delores Rothwell and Mrs. Clark Rothwell, Bowersville, and Mrs. Charles R. Deering of San Diego, Calif.

65 at Picnic

Dr. and Mrs. Wells Wilson and family, Rose Lane Farms, Circleville, entertained Sunday with a basket dinner honoring Mrs. Robert Koshland and daughters, Dian and Lynn of Oakland, Calif.

Sixty-five friends and neighbors came to visit, participate in games and contests and take snapshots for later reminders of the happy occasion. Mrs. Koshland, a former local resident, is a sister of Mrs. Wilson.

MYF Group Meets

The Intermediate Methodist Youth Fellowship met Sunday at the Madison Mills Church. Plans for a picnic Sept. 14 were discussed and it was decided to meet at 6 p. m. at the church with games and dancing until 9.

The group was served refreshments by Linda Stoe. The next regular meeting will be Oct. 19 from 6 until 8 at the church with Clarence Bonzo and Billy Douglas responsible for refreshments.

Bridal Shower For Miss Shaw

Mrs. Robert Allen, Leesburg, and Mrs. Sam Trout, 1222 E. Paint, entertained at the Trout home for Miss Lora Mae Shaw who will become the bride on Sept. 6 of Mr. Berlin McCann of Chillicothe.

The party was a miscellaneous shower for Miss Shaw who received many lovely gifts and the best wishes of her friends. When games were played prizes were won by Mrs. Robert Cocklin and Mrs. Jack Plummer and given to the honored guest.

A dessert course was served, the color theme of the party being pink and white. Assisting the hostesses with serving were Miss Jedy Custer and Miss Pansy Corns, the latter from Crum, W. Va.

Other guests were Mrs. Rena Boggess, Mrs. Eugene Straley, Mrs. Herman Heath and Janet, Mrs. Plummer, Mrs. Joe Stephenson and Nancy, Mrs. Dwight Holloway and Dennis, Mrs. Cocklin, Mrs. Virginia Morris, Mrs. Gladys Shaw, mother of the bride-to-be.

Mrs. Lora Parrett and Marilyn, Mrs. George Lelew and Mrs. Raymond Trout, all of Washington C. H. and Mrs. Helen Chet of Chillicothe.

Good Hope Class Holds Reunion

The 1948 graduating class of Wayne High School, Good Hope, met Sunday for a picnic and reunion at the home of Mr. and Mrs. Loren C. Johnson, both members of the class and their children, Jean, David and Lynda Gay.

Class members and their families attending were Mr. and Mrs. Harold Bakenhester and children, Jack, Gene, Brenda and Ruth, Mr. and Mrs. Gene White and Teresa, Mr. and Mrs. Robert Bishop, Mr. and Mrs. Neil Rowland and Gene and Roger, Mr. and Mrs. Harlan Baird and Tony.

Mr. and Mrs. Virgil Wallace and children, Donald, Lori, Ronnie and Marc of Jamestown and Mr. and Mrs. Paul Kirchner, Douglas, David and Mike of Dayton. Additional guests were Mr. and Mrs. Mac Smith and children, Randy and Charlene, and Mr. and Mrs. Jack White and Brenda.

Hamburg Fry For Teams, Managers

Mr. Dustin Gorton and Mr. Paul Rodenfels entertained the Babe Ruth Girtons and the Little Major League Flashes with a hamburger fry Sunday evening at the home of Mr. and Mrs. Emerson Marting and family.

Manager Ray Warner and his family and assistant manager Dwight Belle and Mrs. Belle accompanied the Gorton team members, Don Juillerat, Ed Juillerat, Carl Anders, Bud Naylor, Jimmy Johnson, Pete Evans, Danny Willis, Bob Helfrich, Mike Helfrich, Ronnie Warner, Billy Halliday, Duane Callender and Eddie Elars.

John Breiner and assistant manager, Ike Kelley, came with these members of the Record-Herald team, Jeff Hall, David Kelley, Danny Kelley, John Halliday, David Matson, Wally Matson, Myron Lambert, Tim Cummings, Bill Naylor, Bob Marting, Bill Marting and Freddie Beard.

Auto Liability Insurancemen Getting Jitters

Many Firms No Longer Break Even as Claims Continue To Mount

NEW YORK (AP)—The returning vacationer mixing with the millions taking to the roads for the long Labor Day weekend is sending anticipatory shivers today down the spines of the companies that write auto and personal injury insurance.

Because after the shock and grief at the death and injury toll that mars every holiday, comes the day of reckoning.

Americans spent three billion dollars last year for auto liability insurance. But the insurance companies say the settlements are mounting so high that many no longer are breaking even. The clamor is on for even higher insurance rates — just another phase of the inflation story.

Part of the rise in settlement claims comes from the increased cost of patching up injured bodies and repairing damaged property.

These reflect increases in medical, hospital and rehabilitation care, and higher compensation to make up for lost earnings under current wage scales.

Property damage mounts because of such features as wrap around windshields, elaborate fender sections with multiple lighting units, more ornamental and expensive bumpers, and dashboard gadgets galore.

The auto liability companies charge that on top of these rising costs there is a growing tendency to demand higher settlements. They contend that juries grow more liberal each year, if the matter goes to court instead of being settled by direct negotiation. Higher court awards encourage higher out-of-court settlements.

Insurance firms dislike going to court, not only because of the liberality with insurance company money they charge to today's juries, but also because drawn out court actions tie up their reserves.

A spokesman for the 287-member National Assn. of Independent Insurers notes that auto insurance is now so common its existence is taken for granted. Some insurance men suspect this could be a subconscious factor in making drivers a little more careless and in making complainants a little more demanding.

The Assn. of Casualty and Surety Companies complains that "Even exemplary citizens are under continuous heavy pressure by their friends to exaggerate claims in auto accident cases."

The National Bureau of Casualty Underwriters says its 114 members collectively lost 147 million dollars last year on auto accident

People . . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY

I have already given you some information brought to light by a study of fragments of chinaware and glass found on the sites of some of the earliest log cabin homes in Fayette County.

The type of china and glass in use in the county 75 to 130 years and more ago, can be definitely determined by studying these fragments of ware.

It was a real tragedy in the early days when a dish was accidentally broken, but I am glad they were broken for only in that way would there be a record of what type of tableware was used.

settlements. This boiled down to \$116.70 in liability claim costs for each \$100 of premiums earned.

The pressure on the states to allow higher insurance rates is strong. The bureau reports that so far 31 states have granted rate increases on private passenger cars. The boosts range from 1.8 per cent to 33.1 per cent.

Recently Virgil Brown, 1135 E. Paint St., knowing my interest in such things, brought me dozens of fragments and other articles he had picked up at early log cabin sites along Sugar Creek, one of these being on the Loren Hynes land.

I was able to identify several pieces as early English and German, including the usual white Ironstone produced in England and used in huge quantities in America up to a half century ago. Some is still in use, and certainly bears out its name of "Ironstone."

Nearly a score of English potteries produced the various types of Ironstone.

One piece I felt certain was French ware, although little French china was in use here in the early days.

One piece was "rainbow spatter," approximately 125 to 150 years old.

Some of the glass fragments were amber, probably from liquor

bottles.

Blue, green and maroon were the chief colors in the designs on the china fragments, which remind me of the gaudy colors used by the Ohio Indians 1,000 to 1,200 years ago, which I saw when the Seip Mound was excavated near Bainbridge 30 years ago. It was a section of cloth which had been mineralized by a copper bearing plate.

Some of the fragments were of dishes which would sell for large sums if they were in existence today.

Part of a bone-handled "case knife" was among the finds, as well as a "black jet" button approximately 100 years old.

In all there are 30 different patterns of chinaware alone in the collection, ranging from choice to good, bad and indifferent types.

Don't tell me that log cabin sites do not have an interesting story to tell!

WILD THYME HONEY

As a result of a railroad wreck near Windsor, N. Y., we had wild thyme honey ("a pot of gold,") for lunch recently.

I had never heard of wild thyme honey until our trip in New York State. There I learned about an abundance of thyme — an oldtime garden herb — growing in the Windsor area and that thyme honey was being sold in the community.

It seems that about 70 years ago there was a railroad wreck near Windsor, and a car containing garden seeds of many kinds was torn up and the seeds left in the wreckage.

A man picked up a large pack-

The Record-Herald Tuesday, Aug. 26, 1958 7
Washington C. H. Ohio

age of thyme seed, and started up the highway, scattering the seed as he went. Since that time there has been a big growth of thyme throughout the area, and the bees have reaped a harvest of golden honey.

I am not too fond of the flavor of thyme honey but I must say it is different from the average varieties.

There is one kind of thyme known as wild thyme, but the thyme I saw in the Windsor area definitely was the garden variety, which, for a long, long time has been used in seasoning and in soups.

No old-time garden was complete without thyme, which was used much more in earlier years than it is today.

DANGEROUS PRACTICE

I have had more than one person mention to me the dangerous practice of persons, who have their cars parked parallel with the

curb, opening the doors and, without looking, stepping into the street in the path of traffic.

"I saw three persons do this while driving two blocks on Court St., and all apparently did not realize they might be struck by a passing car or have their car door torn off," said the last man who discussed the matter.

In some cities leaving the car by stepping into the line of traffic is made an offense in order to protect careless folks.

Down the Fairway

PORTAGE LA PRAIRIE, Man. (AP) — A young bull being washed before going on show at the annual fair here got some water in his ear which annoyed him. He broke his halter and tore across a nearby golf course, treeing three golfers before being recaptured.

Trenton became the capital of New Jersey in 1790.

Porky the Pig Is All Shook Up

COLUMBUS, Ohio (AP)—Porky the Pig is having a ball at the Ohio State Fair. Porky is a spoiled and very mixed up critter.

He's more interested in merry-go-rounds than in the livestock show where he belongs. A dish of ice cream holds more charm for him than a hog wallow.

He is a five-month-old Yorkshire barrow owned by Kayeliff Farms of Greenville, Darke County, and the Woodington Elevator Co.

Porky seems to believe he's people. At least he enjoys human company more than he does that of his even dozen brothers and sisters.

Being the 13th and runt of his litter affected Porky's life greatly. Since there was room for only 12 at the table at mealtime, he was fed by bottle.

Bill Funderburg, 19-year-old showman for Kayeliff, reports his brothers and sisters adopted Porky and he adopted them. Now he has grown to such size that he can give the youngsters honest-to-goodness piggy-back rides two at a time.

Porky is getting his fill of ice cream at the state fair, but so far hasn't had time for the merry-go-round. At the recent Darke County Fair he had a number of rides on the carousel and apparently enjoyed them.

Porky had a busy Sunday when Funderburg entered him in the lightweight barrow contest. The judges told the showman Porky would have placed in the show if he hadn't been wearing a harness. (The harness is for the pet pig's leash.)

Being the runt of the litter has another compensation.

"The kids have come to love Porky too much for us to market him," Funderburg says.

The other dozen in the litter will be sold.

House Fly Able To Shed Its Germ Load

BLOOMINGTON, Ind. (AP) — The house fly, bred in flight, has the peculiar ability to shed the disease-causing germs it lived with at birth, a University of Illinois researcher said today.

For this reason, the importance of disease carrying by flies born in refuse and other dangerous bacteria havens is probably slight, the researchers reported.

Dr. Bernard Greenberg, Illinois zoologist, traced the numbers of bacteria present in the house fly at various stages of its growth.

His report was presented at the American Institute of Biological Sciences meeting at Indiana University.

Flies lay eggs in such places as garbage, manure and sewage. The maggots which soon hatch carry tens of millions of bacteria in their systems, Dr. Greenberg said.

But by the time the larva has formed its hard outer case, it has rid itself of about 90 per cent of this bacterial load.

When the fly finally emerges, it carries with it about 1,000 bacteria—five hundred on its surface and a similar number internally.

While the fly undoubtedly spreads some of these bacteria, it is not as serious a carrier as was earlier believed, Dr. Greenberg said.

Greenfield Invites Offers on Utility

GREENFIELD — Village Council, at a special called meeting yesterday, voted 5-0 in favor of inviting private utility firms to appraise the municipal electric light and power system and to make offers to buy the system.

The unanimous vote came on the following motion submitted by Arlen Pettigrew and seconded by Homer Waterman:

"That private utilities be asked to submit an appraisal bid for our electric system, the bid to be broken down into three parts as follows:

- "1. Generating equipment.
- "2. Distribution system.
- "3. Customer service."

By their action, Council reversed a stand taken at regular meeting Aug. 19 against granting Mayor Robert J. Smith permission to

City Teachers Attend 4-Day Workshop

A workshop designed to improve instruction methods for all city school teachers started Tuesday at 9 a. m.

Scheduled to continue for four days, the workshop opened with a general session conducted by W. A. Smith, superintendent of city schools. He gave instructions to the teachers during the session.

B. I. Griffith, director of public relations for the Ohio Education Assn., talked on the "Role of the Classroom Teacher in Public Relations" at 1 p. m. The session Wednesday will open with Glenn Rich, director of elementary and secondary education, State Department of Education, discussing "The New Standards and Course Content Guides."

Thursday morning the teachers will start planning course content

by departments and grades. They will continue this work in the afternoon.

The City Teacher's Assn. dinner, with board of education members and their wives present is scheduled Thursday at 6:30 p. m. in Grace Methodist Church. The teachers will start preparation of materials and resource guides Friday.

Hambletonian Attracts 14

Sandalwood Is Added To List of Favorites

DU QUOIN, Ill. (AP) — Sandalwood, classy filly who showed late season form, shared the favorite spot today with Emily's Pride and Sharpshooter for the rich Hambletonian.

Sandalwood picked up backers with a fine showing in the Sedalia, Mo., Matron last week. She moved into a favorite role even after drawing a poor starting position.

The surprise winner in Sedalia was placed in the No. 13 spot, third from the rail in a second tier of the starting lineup for trotting's big show for three year olds Wednesday.

Sharpshooter and Emily's Pride hold positions 5 and 6 in the front tier for the 33rd renewal of the classic.

Emily's Pride has the best season time for the mile in the field with a 2:00. Sandalwood's fastest in winning the Matron was 2:02.2. Sharpshooter has a 2:04.3 for his best winning heat of the season.

With other times ranging from Great Lullwater's 2:01 1/4 to Baron Colby's 2:07.3, Hambletonian observers say a new mark may be set.

Hoot Mon, 1947 winner in Gothen, N. Y., set the record for the race with a 2:00 performance.

Behind the favorites there are at least three who stable hands like. They are Gang Awa, McColby, and McColby's stablemate, Mix Hanover.

Other probable starters are: Mr. Saunders, Florella Hanover, Little Rocky, Lumber Along, Baron Colby, Spunky Hanover, and Record Matt.

The purse — \$106,719.24 if all start — makes it the fourth largest Hambletonian in history.

Willie Pep Due To Test Baptiste

NORTH ADAMS, Mass. (AP)—Former featherweight champion William Pep of Hartford, Conn., and Manuel Baptiste of San Francisco meet tonight in a 10-rounder postponed 24 hours by rain.

Pep will be seeking his 219th victory as compared with only eight losses and a draw during his long career. He accepted the Baptiste bout as a final tuneup for a non-title 10-rounder with feather champion Hogan Bassey Sept. 20 in Boston Garden.

Physical Exams Required for All Pony Footballers

Boys who played pony football last fall will have to get their physical examinations just the same as those who are out for the first time this year, WHS Head Coach Fred Domenico, emphasized Tuesday morning.

Domenico repeated this admonition after only a very few of the veterans of last year failed to show up for their physicals Monday night. He said he supposed the boys who played last year "just don't understand that they would have to have examinations and parental consent each year."

Domenico explained that boys of this age (fifth and sixth grades) develop rapidly and that their weight and height are key factors in selecting the teams for physical balance.

Dr. Robert Anderson made the examinations Monday night at the field house and will examine the others at 7:30 p. m. (tonight) Tuesday at the same place.

WCH Softballers Win with Four Hits

One big inning was plenty for Med-O-Pure boys as they rapped Thorntons, 12 to 5, in the Men's Softball League at Community Park Monday night.

In other league action, Washington C. H. collected only four hits but smashed the Mickle nine, 15 to 7.

Dawson led the dairymen's attack with a homer. Ellis banged out a three bagger and West and Sparkman doubled. Kenser paced the Thornton outfit with two hits.

Brown was the winning hurler and Carville the loser.

Washington C. H. scattered four hits but still managed to rack up 15 runs. Anderson, Shaw, Kimball and McClain collected the safeties.

Softball games Tuesday night: FOP vs. NCR and Hobbie vs. Coffman.

Flashes Rout Realtors 18-4

The Flashes put themselves back in the running for first place as they pounded out 13 hits en route to a smashing 18 to 4 win over the Realtors Monday night at Wilson Field in the Little Major League.

The Flashes racked up five runs in the second, seven in the fourth and five in the sixth. They were aided by seven Realtor errors.

Matson paced the winners at the plate with four safeties in five tries. Teammate Snyder had three for four. The Realtors were limited to four hits, two of them by Brandon.

Armbrust was the winning hurler. He fanned five and issued two walks. Slagle and Knisley handled the pitching for the Realtors. They had a total of eight walks and one strikeout.

Englishmen Cagers Beat Fulton Team

Three players scored in the double figures as Dick English's squad trampled Terry Fulton's team, 79 to 39, in the Basketball League game at Community Park Monday night.

English paced his own team with 26 tallies. Steward was high for Fulton with 15.

Players, with total number of points scored, were:

English — R. Campbell 6, W. Plymale 6, D. Crone 23, G. Millard 8, D. English 26 and B. Herman 10.

Fulton—J. Hattcock 6, L. Johns 3, E. Steward 15, E. Hattcock 6, Whitmore 1 and Fulton 6.

Basketball for Tuesday night: Emrick vs. W. Ellis.

Jeff Schedule

JEFFERSONVILLE — Schedule of the Little League.

Tuesday — Sharretts and the Farm Service will play off a 1 to 1 eight-inning tie and after that, will play regular game.

Wednesday — The Boy Scouts will meet Sharretts in a game to decide the champion of the Little League.

Little League Draws Toward Rousing Finish

The winner of the Little Major second round of play could be decided Tuesday night at Wilson Field.

The Realtors and Kernels play at 6 p. m. and the Flashes and Cubs take to the field at 7:30 p. m.

If the Flashes win and the Realtors lose tonight, the Flashes will take the title. But if the Flashes lose and the Realtors win, the two teams will have to play each other again.

To add to the confusion, there could be a four-way tie for first place. The Flashes have a game with the Cowboys Wednesday night and if they lose that one and the one with the Cubs tonight and the Realtors win tonight—four teams will be all tied up.

Sportsmen Win From New Holland

The Bray Sportsmen sent nine runners home in the fifth frame and went on to down New Holland, 12 to 6, in the Babe Ruth contest at Rossmann Field Monday night.

Bob Johnson set the pace for the winners with a homer and a three bagger. Bray, Enoch and Flowers each collected two hits.

Matson was the big gun for New Holland with a triple and a double. Hunter got two safeties.

Larry Flowers was the winning hurler and Matson was charged with the loss.

Scouts Beat Reds At Jeffersonville

JEFFERSONVILLE — Four extra base hits paved the way for the Boy Scouts 8 to 2 win over the Robinson Reds in the Jeffersonville Little League Monday night.

Pitcher Leroy Johnson led the winners at the plate with a round tripper. It came in the fifth with one on. Hare banged out a triple and double for the Scouts.

The Reds picked up five hits, all singles. McBee and P. Simmons each collected two. Wheeler got the other safety.

Johnson, the winning pitcher, has now won four and lost none. The losing hurler was Terry McBee.

Tuesday night, the Boy Scouts will play the Helfrich Grocers of Washington C. H., at Armbrust Field beginning at six o'clock.

People try it... and they LIKE it!

WHY DON'T YOU TRY IT, TOO? Your personal taste is the test! And every day more people are convinced that Black Label is their beer—simply because they like it! We know it's true because Carling is now making—and selling—ten times as much Black Label as nine years ago. And still the demand continues to grow!

In Washington C. H., too, you'll hear more of that friendly, cheerful call, "Mabel, Black Label!"—4 times as often as 5 years ago!

CARLING Black Label BEER

The best brews in the world come from Carling.

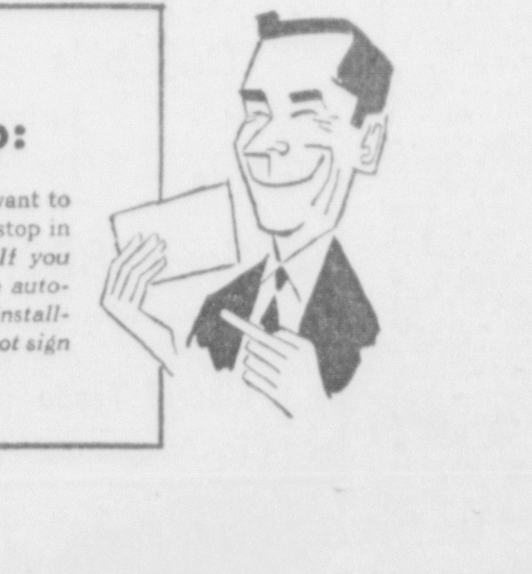

Carling Brewing Company—Cleveland, Ohio; Belleville, Illinois; Frankfort, Mass.; Watertown, Mass.

... at next winter's heating bills (even in the coldest months)

It's so easy ... here's all you do:

Now is the time to decide if you want to take advantage of this plan. Then stop in or call the nearest DP&L office. If you used this plan last winter, you are automatically renewed to be billed in installments again this winter, and need not sign up again.

DP&L will estimate your winter bills for gas (for heating and all other uses). This estimate will be divided into 9 payments. You start paying in September on this basis. Your meter will be read regularly, as usual, and you will be informed each month just how your account stands. On the last installment (May), adjustment will be made—whether DP&L's estimate was a little high or a little low.

19. Farms For Sale

115 ACRE FARM with cattle, hogs,
sheep, crops. \$12,000. 12 miles Wash-
ington Court House; this farm is roll-
ing, has some very good producing
land; buildings are not very good.
house is livable, barn is very small;
fences are good, but need some
fencing, with economists unanimously
agreeing that land is the finest invest-
ment that one can make today, here is
a steal; has been owned by present
owner for over 60 years; he is now in
his 90's and must sell; there is a good
tenant on the farm and he would like
to continue farming, but immediately
possession with harvesting of this year's
crops can be had. Donald R.
Flores, Realtor, Milford, Ohio. Phone
1-3415.

FAYETTE COUNTY FARM

Located within nine miles of
Washington C. H., Ohio. Price has
been drastically reduced for quick
sale. This is a good fertile farm,
good fences, well arranged, no
waste land, adequate water supply.
in good state of cultivation. Good
eight room house, garage, other
small buildings. This farm con-
sists of 123 acres and has not been
offered for sale in the past two
generations, but must sell at this
time to settle estate. Do not fail to
tour this offering if you are in-
terested in a quality farm. Price
reduced for quick sale to \$250.00
per Acre. May have fall possession.
May be seen at any time. Call.

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A X R
I S L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

U H A X C X I U K E M K E L R B B L K M N,
"K X W U R F U X K M R M R K E U A B L M
E X K U G M R" — C W H B M A F P.

Yesterday's Cryptquote: THE BEST IDEAS ARE COMMON PROPERTY.—SENECA.

Hit-Skip Driver
Expects Invitation

BRADLEY BEACH, N.J. (AP) — Police Sgt. Vincent Napoli jumped and landed on the hood of a car he thought was going to hit him Sunday.

He bounced to the roof. The car stopped a short distance away. As soon as the injured policeman was taken down, the woman driver sped off, police said.

Two hours later police arrested Virginia Wolley, 36, and charged her with reckless driving and leaving the scene of an accident.

They asked her why she drove away. "Nobody asked me to stay," police quoted her as saying.

NOTICE OF APPLICATION
Public notice is hereby given that Dayton & Southeastern Lines, Inc., has filed an application to abandon service under Certificate of Public Convenience and Necessity No. 47 and to cancel and annul said certificate. Said certificate authorizes the transportation of persons between Dayton and Wilmington via S. R. 235, U. S. 68 and S. R. 124, S. R. 28, and a county highway leading north at Martinsville. Also between Greenfield and Washington Court House. Restricted between Dayton and Xenia, and intermediate points, between Wilmington and Washington Court House and between Hillsboro and Al-lensburg and intermediate points.

Interested parties may obtain further information by addressing the Public Utilities Commission, State Office Building, Columbus, Ohio.

Dayton & Southeastern Lines, Inc., Jamestown, Ohio.

Illegal Tag Placed
On Charity Bingo

TOLEDO, Ohio (AP)—Toledo's City Law Department formally ruled today that charity bingo is illegal.

City Manager Russell W. Rink had asked for the ruling in preparation for a crackdown on the game. Rink was out of the city today and not available for comment on just what step he would ask law enforcement officials to take.

Administrator's Sale of Three
Washington C. H., Ohio
Properties

Pursuant to an order of public sale issued by the Probate Court of Fayette County, Ohio, in Case No. C-4346 in an action filed in said court by David Whiteside, Administrator of the estate of Lizzie Tway, deceased, plaintiff, vs. Clark Dufflinger, et al. defendants, the undersigned will offer for sale at the door of the Court House in Washington C. H., Ohio.

THURSDAY, AUGUST 28,
AT 2 O'CLOCK P. M.

three separate dwelling houses as follows:

PROPERTY NO. 1: Being the personal residence of the late Lizzie Tway, deceased, located at 131 N. North Street in said City of Washington C. H., immediately across street from The Methodist Church; and consisting of four rooms and bath downstairs and four rooms and bath upstairs, carpeted from wall to wall downstairs; has ample basement and attic; garage attached facing Market Street; splendid location and could be made into a duplex or converted into business offices; in excellent physical condition.
Appraised at \$15,000.00 and must sell for not less than two-thirds of the appraisement.

PROPERTY NO. 2: Is a double located on the south side of Court Street at 313-315 East Court Street; has six rooms and bath on each side and in excellent state of repair; a fine investment property.
Appraised at \$10,000.00 and must sell for not less than two-thirds of the appraisement.

PROPERTY NO. 3: A very good one family dwelling located at 131 W. Elm Street containing six rooms, bath and pantry with large lawn and separate garage.
Appraised at \$3,800.00 and must sell for not less than two-thirds of the appraisement.

The above properties will be sold separately and may be shown by appointment prior to date of sale.

Terms of sale ten percent of purchase price to be paid on day of sale and balance to be paid on confirmation of sale by the court and upon delivery of deed.

The above properties are being offered for sale in the settlement of the estate of Lizzie Tway, deceased.

For further information see or call MADDOX & HIRE, Attorneys for said Estate or W. O. BUMGARNER, AUCTIONEER.

DAVID WHITESIDE,

Administrator of the Estate of Lizzie Tway, deceased

Bloomington Lions Get \$900

Soil Conservationist Addresses Club

BLOOMINGTON — Members of the Bloomington Lions Club were called on at Monday night's meeting to lend their influence and support to the state and federal soil conservation program.

The appeal was made to the Lions, as leaders in their community, by T. C. Kennard, state conservationist with the United States Soil Conservation Service. Kennard told the Lions that the principal threats to soil productivity are erosion and too intensive farming and explained that the soil conservation program is designed to conserve the soil's resources. He declared that the time will come when the population increase will reach a point where it will require the maximum productivity of the soil.

He also stressed that soil conservation is important to both urban and rural residents.

THE PROGRAM, which followed the regular business meeting, was arranged by the club's agricultural committee of Lee Cleland, county soil planner with the Soil Conservation Service, Willard Bitzer, assistant conservationist, and W. P. Noble.

Kennard was accompanied to the meeting by C. O. Steele, area conservationist with the Soil Conservation Service.

Lawrence (Bucky) Dumford, club president, presided at the business meeting which followed dinner served in the school by women of the Presbyterian Church.

Ray Anderson was inducted as the 75th member of the club. His induction brought the membership up to the limit provided by the club's by-laws.

PLANS for the family picnic at Community Park in Washington C. H. Thursday were completed. It is scheduled to start at 4 p. m.

Preliminary plans also were laid for the club's annual fish fry which will be held at the Town Hall Sept. 25. This is one of the big events of the club year.

Members of the Fair Board were guests of the club for this meeting—and for good reason. Ray Brandenburg, board president, handed the club a check for \$900 for its work in handling traffic at the Fair this year. He complimented the Lions for "a very fine job" in helping free automobiles stuck in the mud on the Fairground as well as directing traffic.

Two Treated for Accident Injuries

Mrs. Marie Tate, 112 W. E 1 m St., was admitted to Memorial Hospital Monday after a fall on the street near her home. She received injuries to her nose. She was reported in "good" condition Tuesday morning.

Norman Cooper, 1116 Vine St., was treated after a fire extinguisher fell on one of his right toes. Cooper was working at the Central Grocery Co. when he bumped into the extinguisher causing it to fall from a wall. He was released after treatment.

Extension Class Open to Teachers

An Ohio University extension class, open to all area teachers, will meet in Room 1 of the Washington High School next Tuesday, according to W. A. Smith, Washington C. H. superintendent of schools.

Dr. Gilbert Crowell, director of Extension Courses at OU, will be present to discuss with the teachers the subject they want to take this semester.

Smith emphasized this course is open to all area teachers, not just those in the city or Fayette County.

2,209 lives were lost in the Johnstown, Pa., flood of 1888.

Practice Starts For WHS Band

Both Marching Drills And Music Included

The Washington C. H. High School marching band is getting into full swing for the coming football season. The first practice session was held Monday morning at the football practice field on Circle Ave.

No instruments were used and Robert Neumann, band director, said it consisted of drills on marching, facing and flanking movements and fundamentals.

The field had been lined and Neumann said that quite a bit of time was spent on using the lines to make sure that the bandsmen hit them with the correct foot. Seventy members turned out for the practice.

A MUSIC rehearsal was held Monday night in the band room at the high school. Parts were assigned and some of the basic football pieces were gone over. Seventy members also turned out for this rehearsal.

Field rehearsals are also scheduled for Thursday and Friday mornings at 9 o'clock. Neumann said that instruments will not be used for these sessions.

Additional music rehearsals will be held at 7:30 p. m. Tuesday and Wednesday in the band room. Neumann said that the band show for the first game with Logan has been written and that practice will start on it soon. The band will give an abbreviated show at the preview game at Gardner Park on Sept. 5.

There will be approximately 100 members in the band when all of the boys and girls return from vacation trip and camps and leave summer jobs, Neumann said.

Boosters Club Plans Drive For Members

Plans for the membership drive were made and new officers were officially installed at the Monday night meeting of directors of the Washington C. H. Boosters Club.

Howard Miller was installed as president and Donald Crabtree, secretary-treasurer. Ed Peters is the outgoing president.

The big membership drive will start officially Saturday when tickets will be sold on the streets in the city. Headquarters will be at King-Kash Furniture Store.

The \$2 memberships may be secured from any board of directors members. It was announced that any member interested in selling tickets Saturday to contact Miller or Mac Dews Jr., a director.

THE TICKETS will be available from 9 a. m. until 9 p. m. The Boosters Club has been responsible for several of the football programs in this community. It was the instigator for the pony league.

Each year, the club makes some contribution to the WHS varsity football squad. In past years, it has bought movie projectors and a whirlpool bath and has taken the players to a Cleveland Browns football game.

It also was announced that the club will sell pennants at the WHS football games this season. The club also sells the programs for all home games.

The first general meeting of all members will be at 8 p. m. Sept. 3 in the Gardner Park house. Other directors are Peters, the chairman, Dews, Eddie Mitchell and Perse Harlowe.

Sleepy Driver Cited After Rt. 22 Crash

A sleeping driver was cited by the sheriff's department for causing an accident on Route 22, nine miles east of Washington C. H., at 12:45 p. m. Monday.

Delmar G. Finch, 23, West Middleton, told Sheriff Orland Hays that he went to sleep and his car hit the rear of a truck driven by George Gilpin, 56, New Holland.

Finch, who was not hurt, was cited to appear in Municipal Court Friday for failure to stop within assured clear distance. He was released under \$20 bond.

Neither Phyllis Camp, 30, of 409 Eastern Ave., nor Otis Bonecutter, Jonesboro Rd., drivers involved in an accident on Court St. just west of Hinde St. Monday afternoon, was cited. There were no injuries.

Sen. Kennedy Booked

CLEVELAND (AP)—U.S. Sen. John F. Kennedy (D-Mass.) will be the featured speaker at the Cuyahoga County Democratic party's annual steer roast in Euclid Beach Park Sept. 21.

Blessed Events

Mr. and Mrs. Marvin Miltstead, Route 4, are the parents of a daughter, weight 7-pounds, 2 ounces, born in Memorial Hospital at 12:30 a. m. today.

Mr. and Mrs. Charles Holbrook, Route 3, have a son, born at 2:40 a. m. today in Memorial Hospital. He weighs 6-pounds, 15 ounces.

County ASC Committee Elected And Maurice Sollars Chairman

Maurice Sollars of Concord Township will head the Fayette County Agricultural Stabilization and Conservation (ASC) Committee for the third consecutive year.

He and other members of the county committee were elected by delegates from the 10 township committees at a meeting in the ASC office on Delaware St. Monday afternoon.

Howard Barney of Wayne Township was elected vice president.

Mainly About People

Mr. and Mrs. Roger McFadden, Sabina, have chosen the name Cathy Sue for their daughter born last Tuesday in Memorial Hospital.

Mrs. Lewis Reed, Route 2, Washington C. H., entered University Hospital, Columbus, Monday for observation and treatment.

Mr. and Mrs. Russell Shaeffer, New Vienna, have named their daughter Cathy Colleen. She was born Thursday in Memorial Hospital.

Dr. and Mrs. B. A. Krantz and children Ellen, Carolyn, Kenneth and Robert left this morning to return home to Davis, Calif., after having spent a month's vacation with Mr. and Mrs. M. G. Morris and Mr. and Mrs. Harry Craig, Bloomington.

The Rev. and Mrs. Raymond G. Orner, 932 1/2 E. Temple, have named their daughter Denise Wansue. She was born in Memorial Hospital Thursday.

Loren C. Johnson of Perry Township was re-elected the third member of the committee. Orville Mickle was elected first alternate and Charles E. Ellis second alternate.

The county committee directs and supervises the overall ASC program.

Delegates from the 10 three-member township ASC committees who elected the three-member county ASC committee were Wilbur Neff, Stephen Shubert, John Morgan, E. E. Jenks, Harold Kneisley, Harold Rowland, Charles Cook, Treon Ellis, Rodney K. Acton and Howard Barney.

4 Meetings Set By Central PTA

Four meetings have been scheduled for the coming school year by the Central School Parent-Teacher Assn. They will be held in the school on Oct. 15, Dec. 3, Feb. 4 and April 15.

The meeting schedule was announced after it had been approved by the officers at their customary pre-school meeting.

Dustin Gorton is the president; Mrs. Eugene Heath, first vice president; Mrs. Ruth Hopkins, school principal, second vice president; Mrs. Robert Green, secretary, and Harold Moats, treasurer.

Parkinson at Meeting

City Manager James F. Parkinson was in Columbus Tuesday attending the meeting of the legislative committee of the Ohio Municipal League. He said the committee is considering legislation affecting cities to be presented to the next session of the General Assembly.

18 Get Certificates For Life Saving

Eighteen of the 37 swimmers who enrolled in the life saving class at the Washington Park swimming pool today have their certificates after having passed their final tests.

Of the 27 who enrolled, only six dropped out and only three of the 21 who took the final exam failed to pass.

Starting Aug. 4, classes were held six days a week for two weeks. Mrs. Robert Green was the instructor again this year. Her assistants were Jim Wilson and Bill Wead.

Those awarded certificates in the senior division were Chuck Hire, Henry Roszmann, Mike Sommers and Don Tracey, of Washington C. H.; Mrs. Ruth Ann Page, of New Vienna, and Pam Pullen, of LaFontaine, Ind.

In the junior division, certificates were awarded to Elizabeth Henry, James Johnson, Joan Lightle, Jackie Pope, Ed Rose, Tom Roszmann, Carol Taylor and Karen Ware, of Washington C. H.; John Wead and Charles Kelso, of Sabina; Penny Noble, of Bloomington, and Jay Smith of Mt. Sterling.

Britain Awaiting H-Bomb Rocket

LONDON (AP)—The first American rocket capable of carrying the hydrogen bomb is expected to be set up in Britain this week. The U.S. Air Force is expected to fly this first 62-foot Thor rocket into Britain later this week.

3 Forfeit Bonds In Traffic Court

Three drivers forfeited bonds in an otherwise light Municipal Court session Tuesday.

Cecil Harold Kelley, 36, Mt. Vernon, Ind., forfeited \$25 bond on a charge of reckless operation. Harry Schlacht, 42, Woodmere, N. J., forfeited \$20 bond for failing to appear on a charge of speeding.

Daisy M. Gossard, 55, of 407 Gregg St., forfeited \$15 bond on a charge of failing to yield right of way.

Lima Area Educator Given State Position

LIMA, Ohio (AP)—E. Robert Thorpe, superintendent of Auglaize Local School in nearby Harrod, today received appointment as chairman of a state committee of educators for better schools in Ohio.

Gov. C. William O'Neill, who made the appointment, indicated that the 15-member committee would be announced shortly.

Thorpe has been active in work showing how schools can assist juvenile courts in handling delinquency and other youth problems.
